## LANDSCAPE GARDENING

We are prepared to do work of this kind from the modest city lot to the largest country estate. Sometimes for convenience the work is budgeted over several seasons, each planting being done with regard to the unity of the ultimate composition.

The grounds should, generally speaking, form a framework or setting for the house, harmonizing with its architectural features.

## TERMS AND CONDITIONS OF SALE

**Special prices** are given on large orders. Write for estimate; give list of requirements, varieties, sizes, etc.

**Personal selection:** All nursery stock selected or tagged by customers in the Nursery will be charged for according to the value of the plants chosen, usually catalog prices plus 25% to 50%.

**Terms:** All accounts 30 days net cash, except on landscape or planting contracts of sufficient size, when we will extend terms, which, if desired, are a matter of agreement at time of ordering.

**Non-Warranty:** In the event that any nursery stock sold by us should prove untrue to name under which it is sold, we hereby agree to replace that portion of the order proven untrue to name, or refund the purchase price thereof.
